

## Financial Arrangements and Dental Insurance

We are committed to providing you the best possible care available. Our office is **not** contracted as a provider for **ANY** insurance company due to the limitations they attach to treatment, regardless of the diagnosis. Our commitment is to you, our patient, not to any insurance company.

Your insurance benefits have been negotiated and purchased by your **employer**, and offered as a benefit to you. The contract is between you, your insurance company and your employer. We are not a party to that contract and do not have **any specific** information regarding **your benefits**.

As a courtesy, we will assist you in filling electronic claims to receive the maximum "**out-of-network**" benefits you are eligible to receive. Because we have no guarantee of payment or a specific payment amount from your insurance company, we ask that all of our patients secure financial arrangements prior to their scheduled appointment.

**We offer several options regarding financial arrangements for treatment. Please check the option you have selected so we may process any necessary paper work prior to your treatment.**

- Payments made in full by cash or check.
- Payments may be made in full by major credit card.
- Pay the estimated amount at time of service. We will file your insurance and wait for the "assignment of benefits" from your insurance company. Any residual balances not paid by your insurance company, **will be your responsibility to pay**.
- Extended payments can be arranged by using the following outside lending sources: (See applications for plan details.)
  - Care Credit: offers payment plans up to 12 months with no interest.

As you can see, *Fluellen Family Dentistry* offers several different options and we are happy to answer any questions you may have. We are here to help you.
